CINDY'S CASSEROLE CARRIER

Perfect for carrying a 9" x 13" casserole or "hot dish" to any event.
Use on the table as a casserole cozy and trivet.
Handles add a decorative touch to your party table.
Four cover layers keep casseroles toasty warm until you are ready to eat,
When serving, fold covers under the casserole to protect your table.
Directions now include filling strips with clothesline or cotton batting

MATERIALS

Carrier can be made with fabric filled with clothesline or batting

		Clothesline Version	Batting Version	Both
FABRIC (use yardage, 2½" strips, or fat quarters for the sides)				
Sides	Yardage	1 yard	¾ yard	
	2½" Strips	12	8	
	Fat Quarters	4	3	
Binding and Handles				1 yard
Covers and Bottom				1½ yards

CLOTHESLINE 60 feet
Use cotton clothesline that is 6/32" to 7/32" in diameter. Core must be soft and flexible

BATTING
Sides ¾ yard
Handles ½ yard
Use light weight cotton batting

DOUBLE-SIDED FUSIBLE STIFF INTERFACING for the bottom ½ yard
Use Craf-tex Plus by Bosal (Style #437F – pre-packaged)

FUSIBLE BATTING for the bottom ½ yard
Use Fusible Batting by Bosal (#325) or Pellon

THERMAL INTERFACING for covers ¾ yard
Use Poly-Therm by Bosal or Insul-bright

MATCHING COTTON THREAD
Try a 50-weight 2-ply thread for machine stitching. Aurifil's 12-weight or perl cotton (which comes in many colors) should be used for hand sewing.

Other Tools: Sewing Machine with a good zigzag stitch, machine needles Microtex 90/14 or Jeans needles 110/18 and a Plexi-glass extension table. Scissors (both large and small), rotary mat and 60mm cutter, chalk, seam ripper, measuring tape.
